PROCEEDINGS UNDER THE PACKERS AND STOCKYARDS ACT

Docket no. 425.—Order modified: On July 31, 1935, the Sioux City Stock Yards Co. petitioned the Secretary of Agriculture to modify his order of December 13, 1934, prescribing a schedule of reasonable rates and charges for that company. The facts submitted by the company were checked by a Bureau accountant and a report submitted for the first 5 months of 1935 covering receipts of livestock, revenues from yardage and feed, miscellaneous revenues, and an itemized statement of expenses as reflected by the company's books. The result of an analysis of the 5 months' experience substantiated the statements made by petitioner with respect to anticipated earnings for 1935. Petitioner agreed, if its request was granted, that the Secretary could without further hearing order a reduction in its rates and charges and further agreed to submit each month an itemized statement of revenues and expenses and to notify the Secretary of any change in wage scales and salaries. On August 6 the Acting Secretary issued an order granting the petition and modifying the order of December 13, 1934, to be effective August 15, 1935, providing for some increases in yardage rates and feed charges.

Docket no. 453.—In re Union Stock Yards Co. of Omaha (Ltd.), Omaha, Nebr. On January 11, 1935, the Acting Secretary of Agriculture issued an inquiry and notice of hearing alleging that respondent was engaged in an unfair and unjustly discriminatory practice in violation of the Packers and Stockyards Act in that it was collecting a charge for reweighing some livestock, and reweighing other livestock for which no charge was made, and was violating its schedule of rates and charges. A hearing was held February 21 and 22, and on June 20 a draft of a proposed findings of fact and order was served upon respondent. Counsel for respondent filed exceptions to the proposed findings of fact and order on August 1 and stated that respondent was filing a tariff which would eliminate the discrimination referred to. On August 1 respondent filed its Schedule No. 6 to become effective on August 12, which had the effect of removing the discrimination complained of and has been accepted for filing. On August 24 the Acting Secretary issued an order that respondent cease and desist from collecting the charge complained of, and from the unjustly discriminatory practice of assigning scales to some patrons upon terms and conditions different from the terms and conditions upon which it assigns scales for the use of other patrons.

Docket no. 454.—In re E. E. McComas and B. F. McComas, trading as the M & M Cattle Co., Springfield, Mo. On January 28, 1935, the Acting Secretary of Agriculture issued an inquiry alleging that respondents had engaged in an unfair and deceptive practice in the handling of livestock in commerce. Unsuccessful efforts have been made to serve the inquiry on respondents. As they have left Springfield and their present address cannot be ascertained, the inquiry was dismissed on August 13, 1935.

Dockets nos. 456 and 457.—In re Frank H. Connor, et al., Ogden, Utah, and Farmers Union Live Stock Commission, et al., North Salt Lake, Utah. The Acting Secretary of Agriculture on February 6 and 9, 1935, issued an order of inquiry and notice of hearing into the lawfulness of livestock commission rates at Ogden and North Salt Lake, Utah, respectively. Pursuant to the order of February 6 a hearing was held at Ogden, Utah, beginning on April 17. Upon request of the only respondent engaged in business at North Salt Lake and by agreement with the respondents at the Ogden market the two cases were consolidated in accordance with authority granted in an order of the Secretary of April 15. After consideration of all the evidence in the case the Acting Secretary on August 29 found that the existing schedule of respondents contains rates and charges which are unjust and unreasonable, and prescribed a schedule of just, reasonable, and non-discriminatory rates and charges to be placed in effect after 30 days from that date. The schedule prescribed will produce an income substantially equivalent to that derived from the emergency schedule in effect from March 1, 1933, to October 1, 1934, and somewhat lower than the schedule now in effect.

Docket no. 461.—In re St. Louis National Stockyards and the Moody Commission Co., National Stockyards, Ill. On March 16, 1935, the Acting Secretary of Agriculture issued an inquiry alleging that respondents had violated the Packers and Stockyards Act in that they had failed and neglected to furnish reasonable stockyard services at the St. Louis National Stockyards in connection with the handling of livestock in commerce. On May 25, 1935, a hearing was held. On August 15, 1935, respondents were ordered to cease and desist from failing to render reasonable stockyard services in connection with the handling of livestock received by them at a public stockyard.

Docket no. 465.—In re O K Commission Co., Omaha, Nebr. On May 14, 1935, the Acting Secretary of Agriculture issued an inquiry, alleging that respondent had engaged in and used an unfair and deceptive practice and device in connection with the buying and selling of livestock in commerce. On May 23, 1935, a hearing was held. On August 2, 1935, respondent was ordered to cease and desist from engaging in and using an unfair and deceptive practice and device in connection with the handling of livestock in commerce.

Docket no. 466.—In re C. J. Rice, market agency, Philadelphia, Pa. On May 22, 1935, the Acting Secretary of Agriculture issued an inquiry, alleging that respondent had violated the Packers and Stockyards Act in that he had failed to execute and maintain a reasonable bond to suitable trustees or to furnish any other form of satisfactory indemnity to secure the performance of his obligations incurred as a dealer from January 1, 1935, to and including May 22, 1935. On July 25, 1935, respondent admitted the truth of the matters and things alleged and waived a hearing thereon. On May 10, 1935, respondent executed a satisfactory bond and filed a copy thereof with the Bureau of Animal Industry as required by said act and regulations. Respondent was found to have violated the Packers and Stockyards Act in that he had failed to execute a reasonable bond from January 1 to May 10, 1935, and had failed to file a duplicate of such bond

with the Bureau of Animal Industry between January 1 and May 22, 1935. On August 22, 1935, respondent was ordered to cease and desist from doing business as a market agency without executing and maintaining a reasonable bond or furnishing some other form of indemnity found to afford substantially equivalent protection.

Docket no. 467.—In re Charles D. Asbury, dealer, Maysville and other Kentucky markets. On June 22, 1935, the Acting Secretary of Agriculture issued an inquiry, alleging that respondent had violated the Packers and Stockyards Act in that he had failed to execute and maintain a reasonable bond to suitable trustees or to furnish any other form of satisfactory indemnity to secure the performance of his obligations incurred as a dealer. On July 15, 1935, respondent admitted the truth of the matters and things alleged and waived a hearing thereon. On August 15, 1935, respondent was ordered to cease and desist from doing business as a dealer without executing and maintaining a reasonable bond or furnishing some other satisfactory indemnity to secure the performance of his obligations.
